Infrared Remote (IR) Overview

Turn Displays On / Off

OR

Enter Setup Mode

Save input. Proceed to next step in Setup Mode

Set to Count Up

Set to Count Down

The display will beep when the count has begun

Display Setup

1. Press the **EDIT** or **EXIT** button and input the days (DDDD) you would like to count up or count down from and press the **OK** button.
 - **NOTE:** There are two versions of the display. One version enters Setup mode by pressing EDIT and the other EXIT.

DDDD

DDDD = Days saved on display

2. Input the current hours (HH) in a 24 hour format and press the **OK** button.

1 - HH

HH = Hours saved on display

3. Input the current minutes (MM) press the **OK** button

2 - MM

MM = Minutes saved on display

4. Input the current seconds (SS) press the **OK** button

3 - SS

SS = Seconds saved on display

5. The display will show the entered number of days. Select whether you would like to count up or down by pressing the **Up or Down** button (see remote description on previous page) to complete the configuration of your display.

NOTE: An LED will blink on and off and a beep sound will be played when it is timing up or down.
