# Infrared Remote (IR) Overview

Turn Displays On / Off

OR

Enter Setup Mode

Set to Count Up

Set to Count Down

Save input. Proceed to next step in Setup Mode

## Display Setup

1. Press the **EDIT** or **DEL** button and input the days (DDDD) you would like to count up or count down from and press the **ENTER** button.
  - **Note:** There are two version of the display: One version enters Setup mode by pressing EDIT and the other DEL.

**DDDD**

**DDDD** = Days saved on display

2. Input the current hours (HH) in a 24 hour format and press the **ENTER** button.

**1 - HH**

**HH** = Hours saved on display

3. Input the current minutes (MM) press the **ENTER** button.

**2 - MM**

**MM** = Minutes saved on display

4. Input the current Seconds (SS) press the **ENTER** button.

**3 - SS**

**SS** = Seconds saved on display

5. The display will show the entered number of days. Select whether you would like to count up or down by pressing the **Up or Down Timer 1 arrow** (See remote description on previous page) to complete the configuration of your display.

**Note:** An LED will blink on and off on the bottom right of the display when it is timing up or down.
